

ECOTRANS® PERFORMANCE CLEANER

PRODUCT DATA SHEET

Product Code	99-10-82	Description	ECOTRANS® PERFORMANCE CLEANER
--------------	----------	-------------	-------------------------------

Ecotrans® Performance Cleaner is a dilutable liquid concentrate used for removal of dried water-based ink from screens, squeegees, aniloxes, rollers and other machine parts

Ecotrans® Water based inks are normally easily washed from the machine using water alone.

Should inks have dried and prove difficult to remove with water, then the **Ecotrans® Performance Cleaner** may be used either as supplied or may be diluted with water, as required.

If diluted with water, it is recommended that 4 parts water : 1 part cleaner be used and this has been found to remove ink, even when hardened onto ink rollers, machine parts, etc.

For best results, place a cleaning-cloth soaked with **Ecotrans® Performance Cleaner** onto the dried ink, cover with plastic film or place in a plastic bag to minimize evaporation of the cleaning fluid. Leave to stand for 2-8 hours.

It is important that all screens and machine parts are thoroughly dried before leaving for any length of time in order to prevent corrosion, etc which could be caused through water not evaporating off.

Caution – 99-10-82 may cause staining on parts which include aluminium

Testing must be carried out by Customers to ensure suitability prior to any production runs being carried out.

Appearance	Clear colourless liquid.
Odour	Characteristic.
Supplied	Ready to use - Ex stock - Pack sizes 25L (Min quantity) & 200L
Shelf Life	Minimum of 1 year.
Storage	Store in closed containers in a cool environment between 5°C (41°F) and 25°C (77°F), out of direct sunlight & away from heat sources. Protect from frost.
Notes	The information provided is correct to the best of our knowledge. No liability for any errors, facts or opinions is accepted. You should satisfy yourself before applying any of the information contained herein to your particular circumstances. No responsibility for any loss as a result of any person placing reliance on any material contained herein can be accepted by Perfectos Printing Inks.
