

PMI TAPE

Technical Data Sheet

PMI #382 High Tack Dual-Tack Pallet Tape

Description

PMI #382 Dual-Tack Pallet Tape is a two sided pallet tape designed to hold garments in place during the printing process. The adhesive that goes against the pallet is designed to peel cleanly directly from the pallet when removed. The adhesive that goes against the garment is twice as sticky as the #380 Dual-Tack Pallet Tape which is designed to work well with cotton tees, polyesters, blends and fleece.

Available Sizes: 15"X36YD and 18"X36YD

Packaging

4 Rolls per Case

15"X36YD Case Size/Weight

Case Size: 10.5"X10.5"X16"

Case Weight: 25.0 LBS per Case

18"X36YD Case Size/Weight

Case Size: 10.5"X10.5"X19"

Case Weight: 30.0 LBS per Case

Total Product Thickness: 8.2 mil

Product Thickness without Release Liner: 4.0 mil

Release Liner Thickness: 4.0 mil

Adhesive Type: Proprietary UV-Cured Adhesive

Backing Type: PET Film

Adhesion: 14 oz/in

Tensile Strength: 92.82 oz/in

Made in the USA
